1. Introduction:

The project “Heritage Sites Clean-Up” is one of a kind of projects initiated by Kathmandu Environmental Education Project (KEEP) that cleaned most popular heritage and cultural sites of the valley. The project was implemented by KEEP with the support from Nepal Tourism Board (NTB) along with various different schools for different heritage sites. The school/college students were involved in all of the clean-up programs.

The entire site was cleaned up and dustbins were provided. Also, a small awareness program was done by expert on environmental and culture preservation.

The goal of the project is to “preserve the heritage sites of Kathmandu valley for the future generation”.

The objectives of the project are as follows:

- To clean the sites which have high cultural and historical importance.
- To place appropriate number of dustbins.
- To involve school/college students in the clean- up program, in order to impart them the feeling of heritage and environment importance.
- To promote the heritage sites while maintaining its scenic beauty.

The sites that the project covered are as follows:

- Kathmandu Durbar Square
